Board, staff and donors propel agency forward

Dear Friends,

It has been an exciting year at Lutheran Social Services of North Dakota. Everything starts with a strong board of directors and is implemented by a hard-working and dedicated staff with the invaluable assistance of our volunteers, donors and funders. These ingredients assure our success.

Lutheran Social Services continues to move forward with our *Abound in Hope* capital campaign to build a new Fargo Program Center and renovate Luther Hall, our residential psychiatric treatment facility for youth. Like any campaign, it has its challenges in this economy, but we are working hard to achieve our goals.

North Dakota saw more than its share of disasters this year, with the Minot area flood being the most tragic of these. Through our Lutheran Disaster Response program, Lutheran Social Services has played a prominent role in cleanup and rebuild in all of the disaster areas and has been onsite in Minot and Ward County since the flood hit. We will remain there for the next few years, doing everything we can to help that region recover. We are also committed to continuing to help other areas in the state that are faced with difficulties.

Lutheran Social Services Housing continued to grow rapidly this past year, with an additional three projects bringing us to a total of six rental communities established with tenants living there as of June 30, 2011. We are indeed honored to be able to bring economical housing to rural North Dakota to help enable people to remain living in their home communities.

Lutheran Social Services' executive staff and program directors have been dedicating considerable time and effort this year to implementing and refining our *Vision 2019* strategic planning process. This is an exciting venture that is enabling us to focus the future of Lutheran Social Services and we are proud of our efforts in this regard.

Finally, and most importantly, there is the contribution that all of you make to the successful mission of Lutheran Social Services of North Dakota. Your sharing of your time, talents and resources, combined with your belief in what we do, is so important to all of us who work here and deliver the services that meet the needs of the people we serve. It is impossible to find the words to thank you, but please know that we deeply appreciate all you do for us.

God bless,

A handwritten signature in blue ink that reads "Robert L. Sanderson". The signature is fluid and cursive.

Housing

Lutheran Social Services Housing creates affordable rental housing for those who embrace life in North Dakota’s rural communities. Projects leverage the strengths of congregations, town leadership and the housing industry to support the vitality of smaller communities. During 2011, projects were completed and residents moved in to new rental homes in Parshall, Maddock, Stanley and Northwood.

Lutheran Social Services Housing provides rural housing in three ways:

New construction—Communities under pressure to build new housing due to booming populations—such as those in North Dakota’s Oil Patch—turn to Lutheran Social Services to lead design and construction of new apartment complexes for working families. LSS Property Management Group takes over when construction is

Renovation of older rental units—Properties built decades ago need major exterior rehabilitation, such as roof and siding replacement, as well as interior improvements so that kitchens, accessibility features, finishes and flooring are up to date. Communities rely on Lutheran Social Services Housing to coordinate funding and construction of these renovation projects so that families and seniors living in these properties can remain in their homes comfortably and not have to relocate to larger cities. **Upcoming projects are in Mayville, Bowbells and Grafton.**

Legacy Living units for the 55+ generation—Lutheran Social Services believes that the wealth of in-home services available to older adults who live in larger cities should also be available to North Dakotans who want to retire in their home town. In future years, Legacy Living apartment complexes for older households will be created in smaller North Dakota cities. **Upcoming projects involving the renovation of landmark buildings are planned in Jamestown, Williston and Wahpeton.**

“Until private developers see a reduced risk, it’s a good thing agencies like Lutheran Social Services have

been willing to put a roof over workers and their families.”
